

Les espaces industriels français dans la dynamique européenne

1. Les espaces industriels

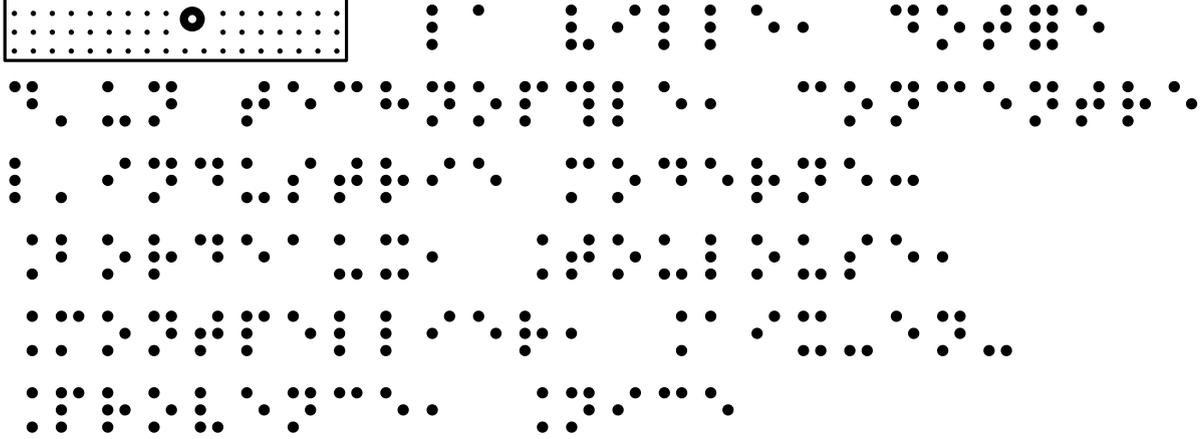

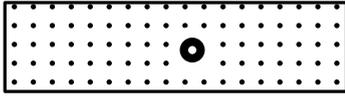

1. Les espaces industriels

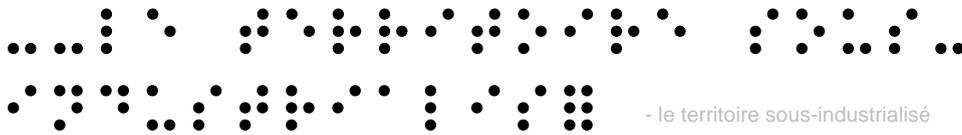

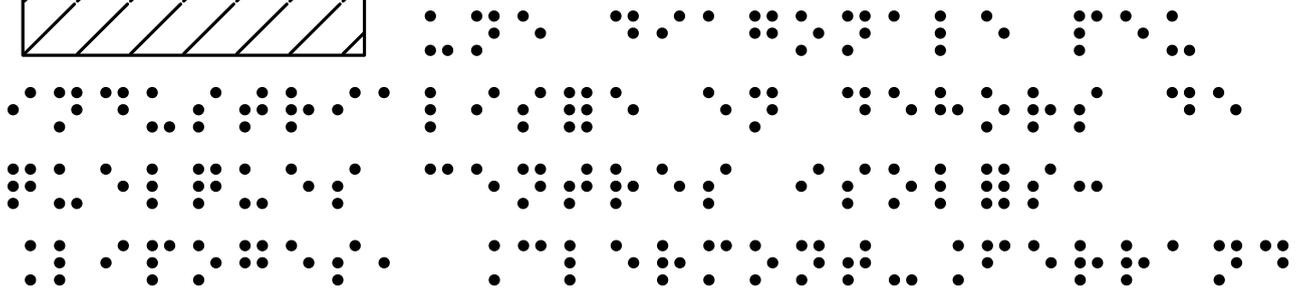

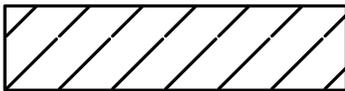

- les midis métropolisés

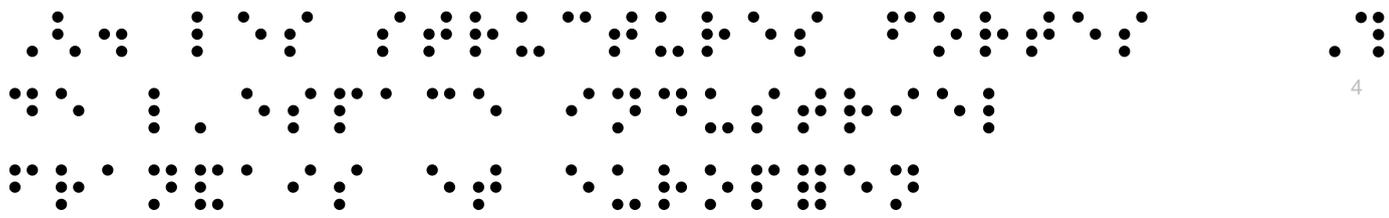

la ville, dotée d'un technopôle, concentre l'industrie moderne : Bordeaux, Toulouse, Montpellier, Aix-en-Provence, Nice

- le territoire sous-industrialisé

une diagonale peu industrialisée en dehors de quelques centres isolés :
Limoges, Clermont-Ferrand

2. les structures fortes de l'espace industriel français et européen
